

Dear Club Leaders,

thank you very much again for registering for the 26th Budapest 2023. We would like to inform you that because of a big number of competitors we had to cancel the team kumite events.

Please check again the list of your competitors and delete those who will not participate in the tournament until Monday the 28th of August. In case the competitor does not appear you will have to pay 20 Euro for each not deleted competitor. The reason for this is that we still have hundreds of applicants on the waiting list. For most of them, Budapest Open is a very important tournament because of their qualification for upcoming WKF - EKF events, and we would like to give the possibility for as many competitors as possible to compete in Budapest.

We are looking forward to meeting you all soon in Budapest.

Gerd Rebicek
