The diagram shows a hierarchical tree structure. The root node is a red rectangle. It branches into two children: a red rectangle on the left and a blue rectangle on the right. This pattern continues for several levels. At each level, a red node branches into a red node and a blue node. The branches are represented by thin black lines. The nodes are colored red or blue, and the branches are colored red or blue. The tree structure is shown in a descending staircase pattern from left to right. The final node on the right is a grey rectangle.
