A diagram illustrating a process flow. On the left, there are two parallel horizontal bars: a red one on top and a blue one on the bottom. A vertical line connects the right end of the red bar to the right end of the blue bar. This vertical line then connects to a single gray horizontal bar on the right.

Government	Percentage
Current government	75%
Previous government	25%

The diagram shows two horizontal bars, one red and one blue, positioned side-by-side. A vertical line segment connects the right ends of these two bars to a single gray bar on the right. This visualizes the concept of a union or a combined set of elements from two different categories.
