- Participants (athletes, officials, ITOs, ...) don't need to quarantine (regardless if vaccinated or not)
- One Arrival PCR test is required – organised by the local organising committee
- Missing or refusing mandatory tests will lead to exclusion from the event
- The local organising committee will cover by costs for these testing

ALL MEDICAL AND LEGAL INFORMATION CAN CHANGE WITHOUT ANY TIME.

JJIF and the LOC can not take any liability regarding this information!

8 Al Hosn App

Vaccination and testing is not a condition of entry to Abu Dhabi and the event but you will need it to move freely about the city.

<https://alhosnapp.ae/en/home/>

All Hosn app is mandatory to enter in all public spaces in UAE. You can prove the vaccination with other documents as well but we advise all participants to download and activate the app.

For activation you need you UID (Unified Identification Number) number. It is on your Visa letter. If you get VISA on arrival, ask the immigration officer for this number.

In order to support entry for visitors, DCT Abu Dhabi has outlined a simple process to enable tourists to register their international vaccination certificate or vaccination exemption document for verification 5 days before their travel date, via the Federal Authority for Identity and Citizenship (ICA) Smart app or via <https://ica.gov.ae/en> website.

Applicants will receive an SMS confirmation that will include a link to the Al hosn app, which must be downloaded prior to travel. The Al hosn app displays users' vaccination status and PCR test results, which are required to activate the Abu Dhabi Green Pass.

Travellers who get the visa on arrival, will receive a *Unified ID number*, from airport immigration or via the ICA website. This is essential for setting up your profile on the Al hosn app. You'll need to link a phone number to the Al hosn account (the same one you've used for the ICA). This will complete the registration on the Al hosn app. Following a PCR test at the airport, visitors can activate the Green Pass.

< Alhosn guidance

Why Alhosn?

The COVID-19 pandemic took over our daily lives, and to curb the spread of this virus, we need to stand united against it, with each of us contributing to this responsibility. This is a fight where our weapon is the unity of UAE society and our shield is Alhosn.

Who should use Alhosn?

Everyone in the UAE should use the Alhosn app. The effectiveness of the app is based on nationwide use to ensure everyone is protected. In simple terms, the more people use the app, the safer everyone will be.

The registration is only complete if all costs are paid according to the registration. In case of a missing athlete, to have the registration money returned, the national federation must fill a form, which will be reviewed by the organizing committee. Please respect that the employs and volunteers at registration have no authority to make any financial decisions.

(<https://www.wada-ama.org/en/content/what-is-prohibited>)

You will need a Therapeutic Use Exemption (TUE) if it does. JJIF automatically recognises all TUEs issued by National Anti-Doping Agency (NADAs), so please contact your NADA if you need a TUE and do not already have one.

If you have any difficulty applying for a TUE through your NADO or there is no NADO in your country, please contact the JJIF.
