Categories

In addition to the age classes as mentioned in the document, the Dutch competition rules stipulate that:

In the categories u10, u12 en u14 only participants who have been placed in the correct category may participate.

In the categories u16, 12 and 13 year olds may also be registered.

In the category u18, 15 year olds (on the day of the tournament) may also be registered.

In the category u21, 16 year olds (on the day of the tournament) and 17 year olds may also be registered.

In the categories +21, 18 year olds (on the day of the tournament) and 19 & 20 year olds may also be registered.

Of course these are the deviations and are intended for participants who want an extra challenge or who want to register 2 times for the tournament. In the case of this last example, they also have to pay 2 times the registration fees.
